

SLAR-J45D / SLAR-J90D

SLAR-J45D/SLAR-J90D

Features

- State of the art DC Danfoss Compressor cooling technology allows for quicker & consistent cooling.
- Environmentally friendly R134a refrigerant
- Designed for mobile use, suitable for RV, boat, log cabins and other remote locations.
- Removable storage basket
- LED display features push-button controls for setting up the unit.
- Temperature range -18°C~10°C.
- Safety protections include high voltage, reverse polarity and high temperature.
- AC input option is available on all units and comes standard with all units imported into North America.

Specification

Model NO.	Capacity	Power supply	Refrigerant	Climatic class	Power Consumption	Setting temperature	N.W/G.W.	Unit dimension	Package dimension	Loading quantity (20", 40", 40"H)
SLAR-J45D	44L	DC 12V/24V	R134a	10-43°C (5N/N/ST/I)	0.3kwh/24h	-18°C~10°C	21.5/22.5 (kg)	62.0x43.0x49.4 (cm)	68.5x49.5x56.0 (cm)	144/304/304 pcs
SLAR-J90D	89L	DC 12V/24V	R134a	10-43°C (5N/N/ST/I)	0.3kwh/24h	-18°C~10°C	29.0/30.5 (kg)	80.5x54.0x64.5 (cm)	87.0x54.0x64.5 (cm)	81/171/228 pcs

All units imported into North America feature the 120VAC adapter as standard.

SLAR-J45D has two compartments. The first measures 11.5" x 11.5" x 13"H. The second compartment measures 11.5"x6"x4"H.

SLAR-J90D has three compartments. The first measures 13.5"x8"x16"H. The second compartment measures 3.25"x7.25"x16"H. The third compartment measures 13.25"x7.25"x7.5"H.
